Date of Event

6th August 2019

Summary of Programme

The Continuing Dental Education Program on Cone Beam Computed Tomography (CBCT) was organized with the intention to make the postgraduate students and staff members of all departments of Rural Dental College aware of the new CBCT unit procured by the department and also to orient them towards the software handling of the CBCT reports provided to them. This one day program included 3 lectures from the Guest speakers who are specialists of the subject. The objective of the program is also to motivate these young dental professionals to excel in their academic career.
