Tenth Edition

Volume II

**ANDERSON'S
PATHOLOGY**

Ivan Damjanov • James Linder

The most comprehensive text/reference in its field, the all-new edition of ANDERSON'S PATHOLOGY embodies the state of the art in pathology today. The tenth edition of this classic reference features new editors, new contributors, and a completely different organization, making it a totally up-to-date book.

Hundreds of micrographs and schematic diagrams enhance the usefulness of the text, as does the reader-friendly design. Winner of honorable mention in the category 'Books for Physicians' in the 1996 American Medical Writers Association competition.
